

Quintessence Publishing USA presents

Daniele Cardaropoli, DDS

Soft Tissues and Pink Esthetics in Implant Dentistry

October 31–November 1, 2019 | Dr H.W. Haase CE Center, Batavia, IL

ABSTRACT

Why is soft tissue the key point when dealing with esthetics in implant dentistry? What is its biologic role? The concept of soft tissue integration is the new challenge in implant dentistry. Current research on the dynamics of healing in postextraction sites recommends avoiding a staged approach with spontaneous healing after tooth extraction. To achieve optimal results, clinicians should consider preserving the anatomy of the ridge and the soft tissue contour. During this 2-day workshop, different surgical and prosthetic approaches will be discussed for single- and multiple-tooth rehabilitations, from immediate implant placement to ridge preservation and horizontal and vertical bone regeneration to soft tissue augmentation. There are different sites and different protocols but only one goal: predictability.

COURSE OBJECTIVES

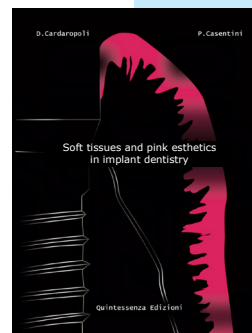

- Understand the importance of a proper soft tissue integration to maintain long-term health and esthetics.
- Define a clinical decisional tree for the management of the extraction site: when immediate implant placement, when ridge preservation, when ridge augmentation, and when delayed implant placement with guided bone regeneration.
- Learn the surgical techniques to preserve the original soft tissue contour or to augment the lost peri-implant tissues.

CONTINUING DENTAL EDUCATION CREDITS

Workshop attendees may receive up to 12 hours of CE credit.

ABOUT THE SPEAKER

Daniele Cardaropoli, DDS, completed his dental degree and postgraduate education in periodontology at the University of Torino Dental School in Italy. He is an active member of the Academy of Osseointegration, an international member of the American Academy of Periodontology, and Scientific Director of the Institute for Professional Education in Dentistry, Torino. Dr Cardaropoli also serves on the editorial board for the *International Journal of Periodontics and Restorative Dentistry* and is the author of the textbook *Soft Tissues and Pink Esthetics in Implant Dentistry* (Quintessence, 2019). He specializes in periodontology, implant dentistry, bone regeneration, and ortho-perio interdisciplinary treatment and maintains a private practice in Torino, Italy.

WORKSHOP SCHEDULE

Thursday, October 31

9:00 AM–10:30 AM	Lecture: The healing of postextraction sockets Lecture: Rationale and clinical application of ridge preservation and ridge augmentation
10:30 AM–11:00 AM	Coffee break
11:00 AM–12:30 PM	Lecture: Immediate implant placement in the esthetic zone Lecture: Immediate restoration protocols and their influence on final esthetic outcomes
12:30 PM–1:30 PM	Lunch
1:30 PM–3:00 PM	Lecture: Management of atrophic ridges and peri-implant bone defects Lecture: The importance of soft tissue thickness in enhancing long-term stability
3:00 PM–3:30 PM	Coffee break
3:30 PM–4:30 PM	Lecture: How to modulate the establishment of the biologic width around implants Lecture: Introducing the concept of thick tissue, healthy tissue, and esthetic tissue
4:30 PM–5:00 PM	Q&A
5:00 PM–5:30 PM	Welcome Reception

LOCATION

Dr H.W. Haase CE Center
421 N Raddant Road, Batavia, IL 60510

COST

The cost for admission is **\$1,695** and includes the following:

- Admission to the course and hands-on segments for both days
- Lunch, break refreshments, and coffee service all day
- Transportation via private bus between Hotel Baker and Dr H.W. Haase CE Center at prearranged times
- At least a 15% discount on all available books and multimedia titles

WORKSHOP SCHEDULE

Friday, November 1

9:00 AM–10:30 AM	Hands-on training: Ridge preservation and ridge augmentation: Surgical approach (flapless or flapped) and the choice and management of biomaterials
10:30 AM–11:00 AM	Coffee break
11:00 AM–12:30 PM	Hands-on training: Vertical and horizontal bone augmentation: Incisions, flap advancement, graft placement, and suturing techniques
12:30 PM–1:30 PM	Lunch
1:30 PM–3:00 PM	Hands-on training: Procedures for keratinized tissue augmentation prior to or after implant placement
3:00 PM–3:30 PM	Coffee break
3:30 PM–4:30 PM	Hands-on training: Management, trimming, adaptation, and suturing of collagen matrix for the augmentation of soft tissue thickness
4:30 PM–5:00 PM	Q&A

HOTEL INFORMATION

Quintessence Publishing has entered into an agreement with **Hotel Baker** to accommodate our guests. Hotel Baker offers the epitome of all things luxurious: elegant guest rooms and suites, state-of-the-art amenities, exceptional dining and lounge venues, and a scenic riverside setting second to none. The room rate during the workshop is set at \$139 per night (plus tax) and includes a deluxe continental breakfast each morning. To make reservations, please call the hotel directly and reference Quintessence Publishing to receive the special rate. You're welcome to contact the Quintessence office to assist in making a reservation for you. Quintessence Publishing has scheduled a bus to transport attendees between the hotel and the course/workshop location (about 15 minutes) at specific times.

Hotel Baker

100 W Main Street, St Charles, IL 60174
Tel: 630-584-2100
<http://www.hotelbaker.com>

HOW TO REGISTER

There are two registration options:

- Register online:
www.quintpub.com/cardaropoli
- Mail or fax your form with check or credit card information (Visa, Mastercard, American Express, or Discover) to Quintessence.
Fax: 630-736-3633

The workshop is only available to the first 40 registrants, so register as soon as possible to claim your spot!

CANCELLATIONS/REFUNDS

Cancellations made in writing and received by Quintessence on or before September 26, 2019 will be refunded in full. No refunds will be issued on or after September 27, 2019.
