General Information

REGISTRATION
Your registration includes admission to all symposium sessions and exhibits, special symposium receptions, and one meeting reception on Sunday evening. Two additional symposium receptions will also be held. Details of all social events can be found on the website in the ‘Meeting Information’ section. The symposium is a participatory event. All participants are encouraged to engage in discussions and/or present their research.

REGISTRATION FEES
Regular- $750
Early Discount- $650
Advance registration deadline- March 11, 2011
Onsite registration will be accepted only on the basis of space availability and thus cannot be guaranteed.

REGISTRATION DESK
Please register at or before the registration desk in the Liberty Ballroom. Early registration will be available on Friday, April 15, and from 6:30 AM to 6:00 PM on Saturday, April 16, 2011. Please note that orders received after April 15 will be processed at the regular rate and will not be accepted after April 15, 2011.

CANCELLATIONS/REFUNDS
Cancellations made in writing and received by Quintessence Publishing Co Inc. directly at 1-800-228-9290 or 215-625-2900. Make sure to indicate the name of the symposium to receive the special meeting discount. A written authorization is required for all refunds. No refunds will be made after April 15, 2011.

LOST BADGES
If your badge is lost or stolen, replacement for US $400 will be provided. No exceptions to this policy.

FEATURING
Sascha A. Jovanovic, DDS, MS
Ole T. Jensen, DDS, MS
Alan S. Herford, DDS, MD
David L. Cochran, DDS, PhD
Joel S. Berger, DDS, MD
Robert E. Marx, DDS

APRIL 16–18, 2011
PHILADELPHIA MARRIOTT DOWNTOWN HOTEL

Program Chair

Residents: Residents rates are available upon presentation of valid photo identification. Please contact the symposium office at 215-625-2900 for further information.

CE Credit
One hour of continuing education (CE) credit is offered for each hour of program attendance. CE credit awarded for participation in a course may not apply toward licensing requirements in all states. It is the responsibility of each participant to ensure that he/she is properly licensed in the state they practice. A complete registration packet including a personalized report statement and transcript of credits earned will be mailed to all registered attendees. CE credit certificates are awarded following the symposium.

Symposium Reception
A Welcome Reception will be held on Saturday, April 16, 2011 from 6:30 PM to 8:00 PM in the Liberty Ballroom. Please join us as we celebrate the symposium’s success.

Symposium Exhibits
Manufacturers and exhibitors will be present throughout the symposium. Visit the exhibits to observe the latest developments in dental products offered by the leading manufacturers.

Symposium Sponsored by
3M ESPE
UNITED DENTAL
ADA CERP–Recognized Provider.

Quintessence Publishing Co Inc

ISBN: 917-0-86715-347-4; US $750

About This Course
The extended clinical applications of recombinant human bone morphogenetic protein 2 (rhBMP-2) will be discussed in detail. The course will provide an overview of the scientific basis of rhBMP-2, its mechanisms of action, and clinical applications. The symposium is designed to educate the participants about the latest research findings and clinical applications of rhBMP-2 in a variety of surgical procedures. The course is intended to meet the needs of dental professionals interested in learning about the latest developments in the field of bone regeneration.

Program Chair
Robert E. Marx, DDS

Distinguished Speakers
Joel S. Berger, DDS, MD
David L. Cochran, DDS, PhD
Alan S. Herford, DDS, MD
Ole T. Jensen, DDS, MS
Sascha A. Jovanovic, DDS, MS
Jay P. Mahanog, DDS

Craig M. Milich, DDS, MS
Peter K. Mioz, DDS
Daniel B. Spagnoli, DDS, MS
William K. Tom, DDS, MS

FREE BONUS BOOK
The exclusive bonus book is available for purchase at the symposium meeting. The book includes a comprehensive overview of the latest research findings and clinical applications of rhBMP-2 in various surgical procedures. The book is a valuable resource for dental professionals interested in learning about the latest developments in the field of bone regeneration.

Meeting Information
The symposium will be held at the Philadelphia Marriott Downtown Hotel, located on Broad Street in the heart of Philadelphia. The hotel is easily accessible to participants from all parts of the world. The hotel is conveniently located near major transportation hubs, including the Philadelphia International Airport and the Amtrak Train Station. The hotel offers a variety of amenities, including a fitness center, a business center, and a 24-hour concierge service.

Travel Information
Participants are encouraged to plan their travel well in advance to ensure a smooth and enjoyable stay in Philadelphia. The hotel offers a variety of travel packages and services, including airport transportation and hotel shuttle service. Participants are also encouraged to take advantage of the many attractions and activities available in the Philadelphia area, including the Philadelphia Museum of Art, the Philadelphia Zoo, and the Liberty Bell.

Important Information
Participants are encouraged to register early to ensure their spot at the symposium. The symposium is a popular event, and registration is limited. Early registration is strongly recommended to take advantage of the discounted rates available.

Contact Information
For more information, please contact the symposium office at 215-625-2900. The symposium office is available Monday through Friday, from 9:00 AM to 5:00 PM, Eastern Time. Participants are encouraged to contact the symposium office to reserve their hotel accommodations and to obtain additional information about the symposium and its events.

Symposium Highlights
The symposium will feature a variety of speakers and topics, including the latest research findings and clinical applications of rhBMP-2 in various surgical procedures. The symposium will also feature a variety of social events, including a welcome reception and a final dinner and auction. The symposium is designed to educate participants about the latest developments in the field of bone regeneration and to provide a platform for the exchange of ideas and information.
CONTINUING EDUCATION CREDITS
Four hours of continuing education (CE) credit will be awarded for:
- the lecture halls.
- You must wear your badge each time you wish to enter

LOST BADGES

ADVANCE PROGRAM
SESSION A: Alveolar Clefts and Craniofacial Defects
SESSION B: Orthognathic Surgery and Continuity Defects
SESSION C: Ridge Split Grafts/Periodontal

FREE BONUS BOOK
You will receive a special bonus package to take home with you featuring a copy of Quintessence Press’ Periodontics: Ridge Augmentation, a self-assessment publication, featuring an array of case studies.

SYMPOSIUM RECEPTION
A Welcome Reception will be held on Saturday, April 16, 2011 from 5:00-6:30 PM for all symposium participants to mingle and visit with colleagues.

ABOUT THIS COURSE
The International Cleft Palate-Craniofacial Association and Quintessence Publishing announce the First BMP Symposium April 15-17, 2009, held in Philadelphia, Pennsylvania, to present the results of the extended use of rhBMP-2.

SECOND BMP SYMPOSIUM
A Welcome Reception will be held on Saturday, April 16, 2011 from 5:00-6:30 PM for all symposium participants to mingle and visit with colleagues.

FREE BONUS BOOK
You will receive a special bonus package to take home with you featuring a copy of Quintessence Press’ Periodontics: Ridge Augmentation, a self-assessment publication, featuring an array of case studies.

GENERAL INFORMATION

EMP 2011 REGISTRATION FORM

You must wear your badge each time you wish to enter. Replacement fee of US $400; there are no exceptions to this. Your badge represents your ticket of admittance to all lectures. No refunds will be made after the symposium begins on Sunday, April 17, 2011.

HOW TO REGISTER

• Regular form at www.quintpub.com.
• Fax your form with credit card information to Quintessence Publishing Co Inc., Fax: 630-736-3633.
• Register online at www.quintpub.com.

ADDITIONAL INFORMATION

On-site registration will be accepted only on the basis of the availability of seats and rooms.

CANCELLATIONS/REFUNDS

Cancellation of registration, deposits, and accommodations must be received by Quintessence Publishing Co Inc. postmarked on April 1, 2011. Partial refunds will be given only in special situations with the approval of the Management Committee.

LOST BADGES

Please report any loss of security personnel. If you lose or misplace your identity badge, we will gladly replace it for you without charge. Please report any lost identity badges to the on-site registration desk.

CONTINUING EDUCATION CREDITS

This course is designed to present the specifics of indications, techniques to be used, doses, co-materials, costs, and outcomes for these applications. By the researchers and clinicians with the most thorough scientific and clinical experience using rhBMP-2/ACS. This course is designed to present the specifics of indications, techniques to be used, doses, co-materials, costs, and outcomes for these applications. The team of professionals provided comprehensive treatment including autogenous bone grafting in many other applications thereby providing a reduced complication potential and morbidity for such patients.

Session A: Alveolar Clefts and Craniofacial Defects

Presented by

Robert E. Marx, DDS

DISTINGUISHED SPEAKERS

Alan S. Herford, DDS, MD

Jay P. Malmquist, DMD

David L. Cochran, DDS, PhD

Robert E. Marx, DDS

Sessio n A: Alveolar Clefts and Craniofacial Defects

Presented by

Robert E. Marx, DDS

DISTINGUISHED SPEAKERS

Alan S. Herford, DDS, MD

Jay P. Malmquist, DMD

D. B. Spagnoli, DDS, PhD

William K. Tom, DMD

FREE BONUS BOOK

For all attendees who have attended this program, there will be a free bonus book. This book is entitled “BMP: Bone Morphogenetic Protein”, and is a comprehensive overview of BMP-2 biology, applications, and clinical research. It is available for purchase at the symposium.
Participants will understand the role of scaffolds and tenting devices to achieve the best outcome when using.

Participants will learn specific procedures for the regeneration of bone in defects of the jaws.

Participants will be able to understand the expanding utility of recombinant human bone morphogenetic protein in jaw reconstructions.

Welcome Reception for All Participants and Faculty
6:00–8:00 PM

Break and Refreshments with Exhibitors
10:30–11:00 AM

Session A: Sinus Augmentation
8:30–9:30 AM

Jay P. Malmquist, DMD
O. Jensen
P. Moy

Applications of rhBMP-2 in Orthognathic Surgery
4:30–6:00 PM

Jay P. Malmquist, DMD

Salvaging Deficient Graft Outcomes Using rhBMP-2

Case Discussion with Speakers
8:30–9:30 AM

Jay P. Malmquist, DMD
O. Jensen
J. Berger
W. Tom

Extended and Total Vertical Ridge Augmentations
3:15–4:30 PM

Jay P. Malmquist, DMD

Lunch with Exhibitors
12:00–1:30 PM

Session A: Alveolar Clefts and Craniofacial Defects
9:00–10:00 AM

Daniel B. Spagnoli, DDS, PhD
J. Berger
D. Spagnoli
J. Berger
W. Tom

Reconstruction of Mandibular Continuity Defects Using rhBMp
3:15–4:30 PM

Daniel B. Spagnoli, DDS, PhD

Case Discussion with Speakers
8:30–9:30 AM

Daniel B. Spagnoli, DDS, PhD
J. Berger
D. Spagnoli
J. Berger
W. Tom

Session B: Osteoinductive and Osteogenic Grafts
10:45–11:45 AM

Sascha A. Jovanovic, DDS, MS

Soft Tissue Morsellization for Periodontal Regeneration
A. Herford

Lunch with Exhibitors
12:00–1:30 PM

Sascha A. Jovanovic, DDS, MS

Implant Augmentation in Patients with Diabetic Neuropathy
S. Misic

Case Discussion with Speakers
8:30–9:30 AM

Sascha A. Jovanovic, DDS, MS

Joshua J. I. Misch, DDS

Bone and Tissue Regeneration
10:45–11:45 AM

Joshua J. I. Misch, DDS

Surgical Use of Autologous and Allogenic Bone in Periodontal Grafting
J. Bader

Lunch with Exhibitors
12:00–1:30 PM

Joshua J. I. Misch, DDS

The Role of Bone Morphogenic Proteins in Regenerative Periodontal Therapy
D. Spagnoli

Case Discussion with Speakers
8:30–9:30 AM

Joshua J. I. Misch, DDS

Guttmann and Wolff's Principles of Surgery
J. Bader

Lunch with Exhibitors
12:00–1:30 PM

Joshua J. I. Misch, DDS

SPEAKERS

Jay P. Malmquist, DMD
Sascha A. Jovanovic, DDS, MS

Robert E. Marx, DDS is a professor of surgery and chair of the Department of Oral and Maxillofacial Surgery at the University of Colorado, Denver School of Dental Medicine. He was born in New York City, the son of a carpenter and a homemaker. Dr. Marx attended New York University College of Dentistry, graduating with his DMD degree in 1977. From 1977 to 1986 he was a general and oral and maxillofacial surgery resident at the University of Texas Health Science Center in San Antonio, where he received his advanced training in oral and maxillofacial surgery. From 1986 to 1989 he was a staff surgeon at San Antonio’s Brooke Army Medical Center and also served as a consultant to the U.S. Army Europe in Wiesbaden, Germany. He is a clinical professor of surgery at the University of Colorado and is board certified in oral and maxillofacial surgery. His research interests focus on minimally invasive surgical techniques and applications of computer-assisted surgical navigation. Dr. Marx is a fellow of the American College of Surgeons and is on the editorial board of the American Journal of Oral and Maxillofacial Surgery.

Colin M. Sloan, DDS, MS

Dr. Sloan earned his DDS degree from the Boston University Goldman School of Dental Medicine. He completed his general surgery residency at the Boston University School of Medicine and oral and maxillofacial surgery fellowship at the University of Kentucky. He is an associate professor of oral and maxillofacial surgery at Tufts University School of Dental Medicine and director of the craniofacial program at Children’s Hospital Boston. Dr. Sloan is board certified in oral and maxillofacial surgery and specializes in craniofacial and cleft surgery. He has lectured nationally and internationally on craniofacial surgery and has published numerous manuscripts and book chapters in the field. Dr. Sloan is a diplomate of the American Board of Oral and Maxillofacial Surgery.

Peter H. May, DDS

Dr. May is an associate professor of clinical dentistry at the University of Tennessee and director of the Oral and Maxillofacial Surgery Residency Program in Nashville. He earned his DDS degree from the University of Kentucky and completed a residency program in oral and maxillofacial surgery at Wake Forest University in North Carolina. Dr. May is a diplomate of the American Board of Oral and Maxillofacial Surgery and is a fellow of the American Academy of Oral and Maxillofacial Surgeons. His research interests focus on outcomes of oral surgery and craniofacial surgery.

Jonathan J. Berger, DDS

Dr. Berger is an assistant professor of oral and maxillofacial surgery at the University of Tennessee, where he is the director of the Craniofacial Centre and chief of the Craniofacial Surgery Division. Dr. Berger received his DDS degree from the University of California, San Francisco School of Dentistry. He completed his oral and maxillofacial surgery residency at the University of Miami and then held a fellowship in craniofacial surgery at the University of California, San Francisco. He received his PhD degree in craniofacial surgery at the University of California, San Francisco. He is a diplomate of the American Board of Oral and Maxillofacial Surgery. He is a fellow of the American Association of Oral and Maxillofacial Surgeons and the American Society of Craniomaxillofacial Surgery. Dr. Berger is a diplomate of the American Board of Oral and Maxillofacial Surgery.

Daniel B. Spagnoli, DDS, PhD

Spagnoli was born in San Diego, California, in 1964. He received his DDS degree from the University of Maryland School of Dentistry in 1991 and his PhD degree in oral and maxillofacial surgery from the University of California, San Francisco, in 1999. He completed his oral and maxillofacial surgery residency at the University of Southern California in 1994 and then served as chief of the oral and maxillofacial surgery department at the University of Southern California. He is a diplomate of the American Board of Oral and Maxillofacial Surgery. He is a fellow of the American Association of Oral and Maxillofacial Surgeons and the American Society of Craniomaxillofacial Surgery. Dr. Spagnoli is a diplomate of the American Board of Oral and Maxillofacial Surgery.

Joshua J. I. Misch, DDS

Misch is a oral and maxillofacial surgeon dedicated to treating patients with congenital and acquired facial anomalies, and he has performed over 3,000 surgeries in frontal sinus, craniofacial, and maxillary sinus augmentation. Dr. Misch is a fellow of the American Board of Oral and Maxillofacial Surgery and a diplomate of the American Board of Oral and Maxillofacial Surgery. He is a fellow of the International Academy of Osseointegration, and he is a diplomate of the American Board of Oral and Maxillofacial Surgery.
PROGRAM SCHEDULE

SATURDAY, APRIL 16, 2011  SPEAKER(S)  COURSE GOALS & OBJECTIVES
9:00–10:00 AM  J. Berger  Ridge Preservation and Localized Horizontal and Vertical Ridge Defects
Break and Refreshments with Exhibitors  9:30–10:00 AM
8:00–9:00 AM  J. Berger  Formulation of Bone Grafting Techniques and their Utilization with the use of rhBMP-2
11:00–12:00 PM  J. Malmquist  Ridge Augmentation in the Clinical Arena
Welcome and Introduction  R. Marx  8:00–8:15 AM
S. Jovanovic  Local Ridge Augmentation and Jaw Defects
Breakfast  7:00–8:00 AM
11:00–12:00 PM  S. Jovanovic  Use of rhBMP-2 in Local Ridge Augmentations and Jaw Defects
Welcome and Introductions  R. Marx  8:07–8:15 AM
O. Jensen  Local Ridge Augmentation and Jaw Defects
Break and Refreshments with Exhibitors  9:30–10:00 AM
9:00–10:00 AM  D. Spagnoli  Reconstructing Mandibular Continuity Defects Using rhBMP-2 (Quintessence, 2002)
3:15–4:30 PM  D. Spagnoli  salvage of compromised outcomes using rhBMP-2
Supper  5:00–6:00 PM
11:00–12:00 PM  R. Marx  Session B: Local Ridge Augmentation and Jaw Defects
SESSION A: ALVEOLAR CLEFTS AND CRANIOFACIAL DEFECTS
SESSION B: LOCAL RIDGE AUGMENTATION AND JAW DEFECTS
SESSION C: RIDGE SPLIT GRAFTS/PERIODONTAL IMPLANT DEFECTS

J. Berger, DDS, MS  is chair of Oral and Maxillofacial Surgery in San Diego, California. His practice is recognized as a training institution for oral and maxillofacial surgeons as well as for residents in general surgery, neurosurgery and oculoplastic surgery. He has been a member of the American Association of Oral and Maxillofacial Surgeons, the American Society of Occlusal Surgery and the American Academy of Oral and Maxillofacial Surgeons. He is a past president of the San Diego Society for Oral and Maxillofacial Surgery. He has written numerous book chapters and research articles related to oral and maxillofacial surgery and basic science. He has also been a section editor of the American Association of Oral and Maxillofacial Surgeons' textbook since 2002.

J. Malmquist, DDS, MS  is a maxillofacial reconstructive surgeon who spent over 10 years developing and refining techniques for bone augmentation and has performed over 10,000 bone grafting procedures. His clinical focus is on the use of rhBMP-2 in grafts for maxillofacial bone defects. His interests include all aspects of temporomandibular joint treatment and surgery as well as reconstructive procedures of the oral and maxillofacial region, including bone grafting techniques. He is the author and/or editor of many publications, including 10 book chapters and several articles in the peer-reviewed literature. He is the former president of the San Diego Society for Oral and Maxillofacial Surgery. He has written numerous book chapters and research articles related to oral and maxillofacial surgery and basic science. He has also been a section editor of the American Association of Oral and Maxillofacial Surgeons' textbook since 2002.

O. Jensen, DDS, MS  received his dental education from the University of Aachen, Germany, respectively, and he holds an MS degree in oral biology from UCLA. Dr Jovanovic is a member of the American Academy of Oral and Maxillofacial Surgeons, the American Society of Occlusal Surgery, the American Society of Oral and Maxillofacial Surgeons, the American Society for Bone and Mineral Research, and the American Academy of Oral and Maxillofacial Surgeons. He has written numerous book chapters and research articles related to oral and maxillofacial surgery and basic science. He has also been a section editor of the American Association of Oral and Maxillofacial Surgeons' textbook since 2002.

D. Spagnoli, DDS, PhD  is a professor of oral and maxillofacial surgery at the University of Colorado at Denver and chairman of the Department of Oral and Maxillofacial Surgery at Loma Linda University School of Dentistry. He is the author of more than 50 scientific articles and book chapters and is the editor of two books. His clinical focus is on the use of rhBMP-2 in grafts for maxillofacial bone defects. His research interests include bone biology and tissue engineering. He has been a member of the American Academy of Oral and Maxillofacial Surgeons since 2002.

Peter K. Moy, DDS  is an associate professor of clinical dentistry in the Department of Oral and Maxillofacial Surgery at the University of Colorado at Denver and chairman of the Department of Oral and Maxillofacial Surgery at Loma Linda University School of Dentistry. He is a diplomate of the American Board of Oral and Maxillofacial Surgery. He has written numerous book chapters and research articles related to oral and maxillofacial surgery and basic science. He has also been a section editor of the American Association of Oral and Maxillofacial Surgeons' textbook since 2002.

Daniel B. Spagnoli, DDS, PhD  is a professor and chairman of the Department of Oral and Maxillofacial Surgery at the University of Colorado at Denver and chairman of the Department of Oral and Maxillofacial Surgery at Loma Linda University School of Dentistry. He is a diplomate of the American Board of Oral and Maxillofacial Surgery. He has written numerous book chapters and research articles related to oral and maxillofacial surgery and basic science. He has also been a section editor of the American Association of Oral and Maxillofacial Surgeons' textbook since 2002.

Bill Xiao, DDS, MS  is an oral and maxillofacial surgeon dedicated to providing quality care to patients with reconstructive needs. He is a member of the American Association of Oral and Maxillofacial Surgeons, the American Academy of Oral and Maxillofacial Surgeons, and the American Board of Oral and Maxillofacial Surgery. He is a diplomate of the American Board of Oral and Maxillofacial Surgery.
PROGRAM SCHEDULE

SATURDAY, APRIL 16, 2011  SPEAKER(S)  TIME
Welcome and Introduction  R. Marx  8:00–8:15 AM
The Science and History of BMP from Marshall Urist  
Welcome Reception for All Participants and Faculty  6:00–8:00 PM
Lunch with Exhibitors  1:00–2:30 PM
Break and Refreshments with Exhibitors  10:30–11:00 AM

SUNDAY, APRIL 17, 2011  SPEAKER(S)  TIME
Applications of rhBMP-2 in Orthognathic Surgery  P. Moy  8:00–9:00 AM
Break and Refreshments with Exhibitors  9:30–10:00 AM
Case Discussion with Speakers  9:00–10:00 AM
9:30–10:30 AM

12:00–1:00 PM
1:30–2:30 PM
2:30–3:15 PM
3:15–4:30 PM
7:00–8:00 AM
7:30–8:30 AM
9:00–10:00 AM
8:30–9:30 AM
4:30–6:00 PM

SPEAKERS

Robert E. Marx, DDS  is a professor of surgery and the Chief of the Oral and Maxillofacial Surgery at the University of Missouri, Columbia, where he also maintains a private practice in craniofacial and maxillofacial surgery.

Craig A. Meckstroth, DDS, MS  is the Chief of the Oral and Maxillofacial Surgery at the University of Missouri and is a board-certified oral and maxillofacial surgeon. He is a diplomate of the American Board of Oral and Maxillofacial Surgery.

Peter K. Moy, DMD  is an associate professor of clinical dentistry in the Department of and Maxillofacial Surgery at the University of Pennsylvania. He is the editor of the International Journal of Oral & Maxillofacial Implants and author of a textbook on bone regeneration in maxillofacial surgery. His research is in the area of bone regeneration in maxillofacial surgery.

Daniel B. Spagnoli, DDS, PhD  is an oral and maxillofacial surgeon in private practice in Seattle, Washington, and is the Chief of Oral and Maxillofacial Surgery at Harborview Medical Center. He is also the Director of the Oral and Maxillofacial Surgery Residency Program at the University of Washington School of Medicine. His research interests include bone regeneration and reconstructive surgery.

Dennis A. Herford, DDS, MS  is an oral and maxillofacial surgeon in private practice in San Diego, California, and is the Chief of Oral and Maxillofacial Surgery at the Sharp HealthCare System. He is also the Director of the Oral and Maxillofacial Surgery Residency Program at the University of California, San Diego. His research interests include bone regeneration and reconstructive surgery.

Sascha A. Jovanovic, DDS, MS  is a reconstructive surgeon in private practice in San Diego, California, and is the Chief of Oral and Maxillofacial Surgery at the Sharp HealthCare System. He is also the Director of the Oral and Maxillofacial Surgery Residency Program at the University of California, San Diego. His research interests include bone regeneration and reconstructive surgery.

Alan S. Herford, DDS, MS  is an oral and maxillofacial surgeon in private practice in San Diego, California, and is the Chief of Oral and Maxillofacial Surgery at the Sharp HealthCare System. He is also the Director of the Oral and Maxillofacial Surgery Residency Program at the University of California, San Diego. His research interests include bone regeneration and reconstructive surgery.
