Guidelines for Authors

Manuscript Submission
Submit manuscripts via PRD's online submission service:
www.manuscriptmanager.com/prd
Manuscripts should be uploaded as a PC Word (doc) file with tables and figures preferably embedded at the end of the document.

Manuscript Preparation
•Manuscripts should be typed in a 12-point font and double-spaced; the text portion should not exceed 8 pages in length. The number of visual components (images and tables) should not exceed 14, and the number of references should be limited to 30.
•The first page must include the title of the article (descriptive but as concise as possible); the complete names, titles, addresses, and professional affiliations of all authors; and phone, fax, and email address for the corresponding author, who will be assumed to be the first author unless otherwise noted.
•A 75- to 100-word abstract of the article must be included.
•Trade names: When a trade name of a product is used, the name of the manufacturer must appear parenthetically at first mention.
•Tables: Each table should be logically organized, typed on a separate page at the end of the manuscript, and numbered consecutively. Table title and footnotes should be typed on the same page as the table.
•Legends: There should be an individual legend for each illustration. Figure legends should be typed as a group on a separate page at the end of the manuscript. Detailed captions are encouraged. For microphotographs, specify original magnification and stain.
•References: References should be included on a separate page in the manuscript. Cite all references numerically, in order of appearance in the text. Limit references to those specifically referred to in the text. Use the following style for the reference list:

Journals:

Books:

Review Process
•Manuscripts will be reviewed by the editors and the editorial staff consultants with expertise in the field that encompasses the article.
•The journal will publish articles concerned with all aspects of clinical periodontology, restorative dentistry, and implantology. This includes pertinent research as well as clinical methodology (their interdependence and relationship should be addressed where applicable); proceedings of relevant symposia or conferences; and quality review papers.
•Original articles are considered for publication on the condition that they have not been published or submitted for publication elsewhere.
•The publisher reserves the right to edit all manuscripts to fit the space available and to ensure conciseness, clarity, and stylistic consistency.

Article Acceptance
Article acceptance is pending receipt of images judged to be of sufficient quality for publication (see the guidelines below). Once a manuscript is accepted, authors should submit high-quality nondigital images or high-resolution digital image files (on disk) to:
Managing Editor
International Journal of Periodontics and Restorative Dentistry
Quintessence Publishing Co, Inc
4350 Chandler Drive
Hanover Park, IL 60133
The disk/package should be labeled with the first author’s name, shortened article title, and code number assigned upon acceptance.

Nondigital Image Format. When submitting nondigital images please consider the following points:
•Clinical photographs/radiographs. Submit original 35-mm slides, high-quality glossy prints, or original film. If arrows, letters, or numbers need to be added to the images, submit black-and-white or colored prints of each transparency with the appropriate labels drawn.
•Line drawings. Figures, charts, and graphs should be professionally drawn. Text should be large enough to be read after reduction. Good quality computer-generated laser prints are acceptable (no photocopies). Lines within graphs should be of a single weight unless special emphasis is needed.
•The figure number, first author’s last name, and proper orientation should be indicated on each image.
•Handle illustration materials carefully. Do not bend, fold, or use paper clips. Do not mount slides in glass.
•For protection against damage or loss, authors should retain duplicate slides and illustrations.
•All illustrations are returned after publication.

Digital Image Format. When submitting digital or scanned images please consider the following points:
•Resolution must be at least 300 dpi when the image is 3 inches wide.
•Files saved in TIFF or EPS format are preferred. Please do not send images embedded in word processing programs (eg, Word) or “office suite” programs (Excel, PowerPoint, etc).

Mandatory Submission Form
The Mandatory Submission Form (accessible from PRD’s home page at www.quintpub.com) must be signed by all authors and faxed to the PRD Managing Editor (630-736-3634).

Permissions and Waivers
•Permission of author and publisher must be obtained for the direct use of material (text, photos, drawings) under copyright that does not belong to the author.
•Waivers must be obtained for photographs showing persons. When such waivers are not supplied, faces will be masked to prevent identification.
•Permissions and waivers should be faxed along with the Mandatory Submission Form to the PRD Managing Editor (630-736-3634).

Reprints
Reprints are offered at a discounted rate if ordered from the publisher at the time that page proofs are reviewed.
