REQUEST OUR 2021 CATALOG!

March 2021

Dear Doctor,

Well, it’s been quite a year for the industry, hasn’t it? Quintessence is used to exhibiting at events and meetings throughout the year, and we have missed seeing all of you at our booth. Covid-19 has changed the way retailers market and reach out to customers, and we are no exception. This mailer is a departure from years past. The main purpose is to introduce our new and best-selling books, so you will only see a small selection of our current titles. If you would like to receive our full 2021 catalog, please go to http://quintpub.com/catalog_request.php to sign up. Because it’s not possible to browse our newest titles in person, we are now showcasing preview chapters of our books on our website, so you can still get a flavor of our latest titles.

Despite all the changes, we know what you like best—our great books at great prices. Over the last year, we have kept our most popular graduated discount on offer to thank our customers for continued loyalty and support. That means you can order now and get the same prices you would if you made your purchase at the Quintessence booth at a meeting or conference.

And speaking of great prices, be sure to check out our clearance section. These discounted books are a great way to build your library, and this is your chance to stock up and save big. When we print too many of one of our books, we offer them to you at a reduced cost.

Until we can see you again in person, I wish all of you well and please stay safe.

William Hartman
Executive Vice President and Director
